## Cable Basket

A strong yet flexible solution is needed to meet the demands of the power, data and systems cabling being installed in modern buildings.

•The patented EasyConnect Cable Basket system provides that solution. Adhering to the RIS (Rapid Installation Systems) philosophy, the integral coupler simply pushes together to form a secure joint, no additional couplers or special tools are required.

•Manufactured to comply with BS EN 61537, EasyConnect meets all the load test and earth continuity requirements of the standard.

•EasyConnect has been short circuit tested and has achieved a fire rating of E90, providing further confidence in this quality solution
